

## Project Request Form

We would like to help you select the right components for your PV- Project. Therefore we kindly ask you to complete this form and send it back to the KACO new energy GmbH project team: [pv-projects@kaco-newenergy.de](mailto:pv-projects@kaco-newenergy.de) . Based on the given information we can prepare a quotation which will be configured to your specific requirements.

Customer Details			
Costumer ID			
Company:			
Street:			
Zip code, City:			
VAT Nr.:			
Contact person:			
Phone:			
Email:			
Project Details			
Name/ Reference Number:			
Location/ Country:			
Altitude above mean sea level	m	Design Cell Temperature	___ to
Inclination	° Orientation	°	Requested Ratio (DC/AC) min max
Module type, please attach Data Sheet			
Number of Modules <u>or</u> approx. DC Power		Table Size <u>or</u> String length	
Grid Information			
Low Voltage	___ V	Medium Voltage	___ kV frequency ___ Hz
Power Factor cos $\phi$ ___ capacitive to ___ inductive			
Name of the Grid-Operator			
Inverter Concept			
Central Inverter Indoor	___	Concrete- ___	or Steel Station
Central Inverter Outdoor	___	including transformer compact Station	
Decentralized Inverters	___	including transformer compact Station	
Monitoring			
Type of communication	Analog	ISDN	Broadband GSM
Feed-in management/ plant controller required?
